

Environmental policy

Steelinvest, s.r.o., as a trading company, applies the following “green” office measures:

Energy Efficiency:

- Install energy-efficient lighting, such as LED bulbs, and encourage employees to turn off lights when not in use.
- Invest in energy-efficient appliances and equipment.
- Implement a policy to turn off computers and other electronics at the end of the workday.

Reduce, Reuse, Recycle:

- Provide recycling bins for paper, plastic, glass, and other recyclable materials.
- Encourage employees to reduce paper usage by promoting digital documentation and double-sided printing.

Waste Reduction:

- Minimize single-use plastics in the office, such as disposable cups and cutlery.

Transportation:

- Promote carpooling, public transportation, and biking to reduce the carbon footprint of commuting.
- Consider offering incentives for employees who use eco-friendly transportation options.

Environmental Policy:

- Develop a formal environmental policy that outlines the company's commitment to sustainability and environmental protection.
- Communicate this policy to all employees and stakeholders.
